Dear Doug,

I would like to let you know what an outstanding job your employee Josh Suardini did as Owner's Representative on our recent building project.

I do have to admit that before we started the project I really questioned whether having an Owner's Rep would be necessary, but with the benefit of hindsight, I don't know what I would have done without him. As I think you know, I am a business owner and have very limited experience with construction projects. Josh, on the other hand, had a firm grasp of everything that needed to happen to get our project done. He asked all of the right questions and made sure that everything was done right.

Also, Josh's project management skills are just as impressive as his knowledge of construction. He was always focused on our timeline and made sure that everybody was doing what they were supposed to be doing to keep us on track. He ran a weekly building meeting and kept everybody accountable.

So, thank you for the wonderful service that we received from Etkin Equities and, more specifically, Josh Suardini. It is very much appreciated.

Sincerely
